

# The UK - London - Year 1

## Things I should already know

- London is the capital city of England
- The different types of weather.
- The four seasons.

Word	Meaning
Weather	The daily state of the atmosphere in any given place.
Season	A part of the year marked by weather, temperature and daylight hours.
Country	A specific area of land with its own borders, government and laws.
Capital city	Where the government leaders work.
Features	A physical (made by nature) or human (made by people) component of the earth's surface.

## At the end of my learning I will:

- Be able to identify weather that occurs in the United Kingdom.
- Discuss how the weather in the United Kingdom changes throughout the year.
- Name the four countries in the United Kingdom.
- Identify the capital cities in the United Kingdom.
- Identify the key features of the countries in the United Kingdom.
