

Explore and Draw

What should I already know?

- That drawing is a physical and emotional activity. That when we draw, we can move our whole body.
- That we can control the lines we make by being aware of how we hold a drawing tool, how much pressure we apply, and how fast or slow we move.
- That we can draw from observation or imagination.
- That we can use colour to help our drawings engage others

Fun Fact

The oldest cave paintings date back to around 64,000 years ago.

Key Skills I will learn

- That artists explore the world, seeing things around them in new ways, and bring things back to their studios to help them make art.
- That we can go into our own environments, even when they are very familiar to us, and learn to see with fresh eyes and curiosity.
- That we can use the things we find to draw from, using close observational looking.
- That we can explore and use art materials, be inventive with how we use them, taking creative risks and enjoying accidents as well as planned successes.
- We can use the shape of the page, and the way we arrange elements on the page, to create compositions which we like.

Key Vocabulary

Key Vocabulary	
Artist	A creative person who uses their imagination to make things.
Environment	Everything around us – including living things, air, water etc
Nature	Everything around us that is not made by people
Observe	To watch or look at something closely/in detail
Creative	Use your imagination to make something new. Thinking outside of the box.
Seasonal changes	The yearly changes in nature, weather and temperature. How things change over the year.
Inspiration	When you get a good idea or are encouraged by something/someone to do something yourself.
